

Inclement Weather Guidelines

- Always check the Village Learning & Achievement Center website “Villager Info.” page at www.villagelac.org for official announcements about any delays or cancellations regarding our programs or services.
- Information about closures or delays will also be communicated via a switchboard message at 281-358-6172,
- The delayed opening or closure of the Center will follow the decisions made by Humble ISD. If Humble ISD delays the start of the school day, announces early dismissal, or closes schools, we will do the same with regard to the Center and transportation services.
- Village at Stoney Glen and the residential apartments will be adequately staffed, regardless of inclement weather.
- Transportation may be delayed or suspended, even if it is decided the Center will remain open or follow a modified schedule.
- You are encouraged to frequently check for announcements broadcast on local radio and television stations.
